Benefit from a fully funded subject audit and access:

NETWORK EVENTS

2 BESPOKE CPD SESSIONS

STEM AMBASSADORS TWILIGHT SESSION

COACHING (ADDITIONAL FEE)

FACILITATOR DEVELOPMENT PROGRAMME (OPTIONAL)

# MORE INFORMATION

## SUBJECT AUDIT

A fully funded discussion with your head of science to identify the strengths and needs within your teaching and learning. This will help to identify your priorities and enable us to shape this package of support around what would be of most benefit to your team and learners.

### NETWORK EVENTS

6 half-termly networking events held at the end of the school day. These will be an opportunity to build your personal network of local colleagues across Devon and Cornwall, hear some of the latest news and opportunities from the region and to explore some relevant best practice.

### 2 BESPOKE CPD COURSES

Crafted around the needs identified in your subject audit, these courses are arranged specifically for groups of schools who have identified similar priorities, creating a small group of like-minded practitioners who can grow and overcome challenges together. Each course consists of 1 full day (or equivalent) of CPD, alongside pre- and post activities/discussion to create a fully supported wrap-around opportunity for those who attend.

### STEM AMBASSADORS TWILIGHT SESSION

STEM Ambassadors offer a unique opportunity to promote careers, industry opportunities and science capital in the classroom. Whether at primary or secondary, this bespoke session will provide excellent enrichment to the other actions you implement throughout the package.

### COACHING

For an additional £300, you can opt-in to 2 coaching sessions for the member of staff who has booked onto the package. This highly individualised opportunity allows for focused discussion with an experienced facilitator to address areas that may be of more concern or interest to you.

*Optional add-on*

### FACILITATOR DEVELOPMENT PROGRAMME

The facilitator development programme is the next step of development for experienced practitioners who are looking to work in a facilitating capacity with other science practitioners. This add-on requires a statement of recommendation from a line manager or headteacher and is a prerequisite for professionals looking to facilitate as part of our growing team.

*Optional add-on*

**£170**

£170 per person, if bought for 5 or more people. £370 per person if less than 5.

**Please contact us for further information on any of the above.**
